## CoCo Lee, Before I Fall In Love

My heart, says we've got something real Can I trust the way I feel 'Cause my heart's been fooled before Am I just seeing what I want to see Or, is it true, could you really be

Chorus Someone to have and hold With all my heart and soul I need to know, before I fall in love Someone who'll stay around Through all my ups and downs Please tell me now, before I fall in love

I'm at, the point of no return So afraid of getting burned But I want to take a chance Oh please, give me a reason to believe Say, you're the one, that you'll always be

Chorus

It's been so hard for me to give my heart away But I would give my everything , Just to hear you say

Chorus
