

# CoCo Lee, Wherever You Go

[SPONSOR]

\* Wherever you go  
That's where I wanna be  
Wanna go wherever you lead  
You are my heart and so I will always follow

\*\* Wherever you go  
Wherever you go

Life before you  
Was full of near misses  
Uncertain nights  
And half hearted kisses

Isn't it unbelievable  
Almost inconceivable  
But here you are like a waking dream  
With love beyond imaging

[Repeat \* , \*\*]

You look in my eyes  
And I can see heaven  
You hold me close  
and it feels like a river

Isn't it unbelievable  
Baby it's a miracle  
To see you all like an open door  
To everything I've waited for

[Repeat \* , \*]

No matter how far  
Or whatever winding road you choose  
Wherever you are  
I wanna be there  
I wanna be there

[Repeat \* , \* , \*]
