

# Code Of Ethics, That Was Then

Yes I still remember, though I&#039;ve been trying to forget.  
Now that you remind me, I believe it stronger yet.

CHORUS:

That was then, this is now, I&#039;m starting over.  
You knew me when, this is now, I&#039;m starting over.

You talk about the old days, I see a life that wasn&#039;t mine.  
You see a memory, and I see a waste of time!
