

Code Red, Do You Like?

(Lew/Graham/De Costa)

Do you like...?

Roger:

I remember when you walked into the room
Can't forget it's when I first laid eyes on you
And I wanted you, had to get with you
Nothing could have stopped me girl
Had to have you in my world

Lee:

And now that you are here with me
If you leave I'll go crazy yeah

CHORUS:

Do you like, do I do you right
When I hold your body tight
Do you like
Do you like, do you feel the heat
When I make your body weak
Tell me, tell me, tell me, do you like?

Phil:

It's not enough for me to talk on the phone
Need to be close we need to be alone
Let me stroke your hair can I touch you there
Got a fever for your flava, a taste I wanna savour

Roger:

And now I've got you here with me
If you leave I'll go crazy yeah

REPEAT CHORUS (twice)

When I hold you tight, do I do you right?
Gotta let me know - do I do it right?
When I make your body weak, do I do you right?
Gotta let me know - do I do you right?

REPEAT CHORUS

Phil:

And now that you are here with me
If you leave I'll go crazy yeah

REPEAT CHORUS
