

Code Red, Part Of You

(graham/cohen)

Roger:

I've been alone - sat by the phone
A time in my life - I'd prefer to forget it if I could
Those memories are leaving me
Now all my days are a dream and the dream is for real

Chorus:

I wanna be part of you
Share my soul with you
My life began the day you walked in the door
I wanna be part of you
Cos you're part of me
A love to last
I wanna be part of you

Lee:

I used to cry not knowing why
A time in my life - I'd prefer to forget it if I could
I lived in hope trying to cope
Now all my days are a dream and the dream is for real
Repeat chorus

Phil:

And when I look in your eyes
I'm a thousand feet high
And there's no reason why
With a love so strong
We can't carry on for all time
Repeat chorus
