

# Cody Simpson, Love (ft. Ziggy Marley)

The thing about love love love  
It'll make you do some crazy things  
The thing about love love love  
Is you know it when you feel it feel it  
The thing about love love love  
It'll make you do some crazy things  
The thing about love love love  
Is you know it when you feel it feel it  
And that's the thing about love

Everybody tells us that we are too young for love  
But they know what it is like to be young and nice  
Itches and nothing but a number  
And my love last longer than the summer  
So let's move them haters out of the way

The thing about love love love  
It'll make you do some crazy things  
The thing about love love love  
Is you know it when you feel it feel it  
The thing about love love love  
It'll make you do some crazy things  
The thing about love love love  
Is you know it when you feel it feel it  
And that's the thing about love

When I think about you I think of forever  
You love keeps me warm like I'm wearing a sweater  
It don't take rocket science that my heart belong to you for sure  
And if you are where love is then I want to go

The thing about love love love  
It'll make you do some crazy things  
The thing about love love love  
Is you know it when you feel it feel it  
The thing about love love love  
It'll make you do some crazy things  
The thing about love love love  
Is you know it when you feel it feel it  
And that's the thing about love

Love can be amazing  
Just let me start by saying  
Just let me start by giving all the love I have  
Hey love is a lovely thing  
So come on let's embrace it  
You know that it can take it to another space, another space

The thing about love love love  
It'll make you do some crazy things  
The thing about love love love  
Is you know it when you feel it feel it  
The thing about love love love  
It'll make you do some crazy things (crazy crazy)  
The thing about love love love  
Is you know it when you feel it feel it  
And that's the thing about love  
That's the thing  
And that's the thing about love  
That's the thing  
And that's the thing about love  
That's that's the thing about love
