

Coheed And Cambria, Everything Evil

Wait for..

Everything evil in you comes out

I'll stay when we'll only motivate sound instead, Sergeant.

Make for the table...

In hopes that I won't be afraid again

call when enabled

And send the leader out against...

I will

Stage a reenactment in a false pretense

Exist inflict

Unworthy unconsciousness

Why debate when the actions suppressed?

Then kill the acquitted

Listen to the sounds that remain in question

In hopes to solidify a truce

Amongst the children and the jury that stands the verdict alive

Here among the dead

Evolve Monstar!

Show me the things that I've never wanted done.

Evolve Monstar!

Do to me the things I never wanted done...

I... I felt much better than this before.

If they find out to avoid

Then the accidents kept hidden away

But if they stay...

Blood hungry, cannibalistic unfit family ties

In a series of knocks

To the young girl's head side

Come write me a letter and paste it on my refrigerator door

Inspected inspector,

i think we've found something over here

I... I felt much better than this before.

If they find out to avoid

Then the accidents kept hidden away

But if they stay...

Jesse!

Just come look at what your brother did here!

He did away with me.

[x2]

Stay until Wednesday,

And write me a child-like letter, pretending.

At war here in Thursday.

Let's make this our last day at home by the fence.

Would you run? Would you run?

Would you run down past the fence?

Would you run? Would you run?

Would you run down past the fence? (FBI)

And she screamed,

Claudio! Dear Claudio!

I wish, God damn it, we'll make it if you believe!

And she screamed,

Claudio! Dear Claudio!

I wish, God damn it, we'll make it if you believe! (FBI)

[voice fades]

[Note: They do really scream "F.B.I." at the end, not "K.B.I." (the knowledge,

It is in CD cover and it makes sense with the lyrics as well]
