

Coko, All My Lovin'

You were there when I needed you the most baby
That's why I feel, I gotta keep it real
I loved you until that day you cheated on me
You did me wrong, that's why I'm halfway gone, yeah, yeah

(Because there's someone else I trust)
But I can't help wondering about if you didn't cheat
What would this someone mean to me
(Now who's to say this isn't love)
Just because when he found me
I was so weak, then he showed me how true love should be

If you want my loving
Why did you give to me
So much pain, you hurt me
Now you're history
Now your love has changed me
Never one to take the blame is you
You, you, you

Now that you made your choice to choose another one
I feel that it's time, I've made up my mind
I can't hold on to broken love, another day
It's other then why, I have to say bye, oh

(Because I have to move on)
You had me and you broke my heart
(All that we had is gone)
I'm gonna make a brand new start
(See he gave me trust again)
He is my lover and my friend
(And I will never cry again)
Because in his world of love he took me

If you want my loving
Why did you give to me
So much pain, you hurt me
Now you're history
Now your love has changed me
Never one to take the blame is you
You, you, you

If you want my loving
Why did you give to me
So much pain, you hurt me
Now you're history
Now your love has changed me
Never one to take the blame is you
You, you, you

It was in you that I put all of my trust
Gave you my life, my life
Why you hurt me I just don't know
All the nights you left me here alone
I cried, all night, it's alright, it's alright
Now true love is what I know

It was in you that I put all of my trust
Gave you my life, my life
Why you hurt me I just don't know
All the nights you left me here alone
I cried, all night, it's alright, it's alright
Now true love is what I know

If you want my loving
Why did you give to me
So much pain, you hurt me
Now you're history
Now your love has changed me
Never one to take the blame is you
You, you, you

If you want my loving
Why did you give to me
So much pain, you hurt me
Now you're history
Now your love has changed me
Never one to take the blame is you
You, you, you

It was in you that I put all of my trust
Gave you my life, my life
Why you hurt me I just don't know
All the nights you left me here alone
I cried, all night, it's alright, it's alright
Now true love is what I know
