

Coko, Look At Me

[Chorus:]

Look at me

I have been set free

All my sins are washed away

My nights turned to day

All because Christ has set me free

[Lude:]

You wonder how he could love me so

I'll never know

For your love has given me security

And I so happy, I'm happy

[Chorus:]

Look at me

I have been set free

All my sins are washed away

My nights turned to day

All because Christ has set me free

[Lude:]

You wonder how he could love me so

I'll never, never, never know
