Cold Chisel, Shipping Steel

Hammer down the open road Steel pigs my only load Country songs are always playin' He's a goin', she's a staying Briquets keep the fires burning Diesel keeps the wheels turning Hikers on the edge of town Start off young and end up learning

Shipping steel, shipping steel . . . Nobody knows, the way it feels Caught between Heaven and the Highway Shipping steel, shipping steel . . .

Some men need a family Need the club fraternity God's salvation guaranteed Mac's the only friend I need
