

Coldplay, Careful Where You Stand

I feel safe, I feel warm
When you're here, when I do no wrong
I'm cured, when I'm by your side
I'm alright
I'm alright
I am safe when I am with you
I feel warm if you want me to
I'm cured, when I'm by your side
I'm alright
Careful where you stand my love
Careful where you lay your head
It's true
We're always looking out for one another
I feel safe when I am with you
I feel warm when you want me to
I am cured, when you are around
I'm alright
Careful where you stand my love
Careful where you lay your head
It's true
We're always looking out for one another
So I like a quiet time please
Yeah I like quiet time
Careful where you stand
Now careful where you stand
