

# Coldplay, Daylight

To my surprise  
And my delight  
I saw a sunrise  
I saw a sunlight.  
I am nothing  
In the dark  
And the clouds burst  
To show the daylight  
Oooh and the sun will shine  
Yeah on this heart of mine  
Oooh and I realise  
Who cannot live without  
Oooh come apart without  
On a hilltop  
On a sky-rise  
Like a firstborn  
Child  
And at full tilt  
And in full flight  
Defeat darkness  
Breaking daylight  
Oooh and the sun will shine  
Yeah on this heart of mine  
Oooh and I realise  
Who cannot live without  
Oooh and come apart without  
Daylight
