

Coldplay, Spies

I awake to find no peace of mind,
I said, how do you live as a fugitive?
Down here where I cannot see so clear.
I said, what do I know?
Show me the right way to go,
And the spies came out of the water,
But you're feeling so bad cos you know,
And the spies hide out in every corner,
But you can't touch them no,
Cos they're all spies, they're all spies.
I awake to see that no one is free,
We're all fugitives,
Look at the way we live.
Down here, I cannot sleep from fear no.
I said, which way do I turn?
I forget everything I learn,
But the spies came out of the water,
But you're feeling so bad cos you know,
and the spies hide out in every corner,
But you can't touch them though,
Cos they're all spies, they're all spies.
And if we don't hide here,
They're going to find us,
If we don't hide now,
They're going to catch us where we sleep,
And if we don't hide here,
They're going to find us.
