

Coldplay, Twisted Logic

Sunlight, opened up my eyes
To see for the first time
You'll open them up
And tonight, rivers will run dry
And not for the first time
Rivers will run

Hundreds of years in the future
It could be computers
Looking for life on earth

Don't fight for the wrong side
Say what you feel like
Say how you feel

You'll go backwards, but then
You'll go forwards again
You'll go backwards, but then
You'll go

Created, then drilled and invaded
If somebody made it
Someone will mess it up

And you are not wrong to
Ask who does this belong to
It belongs to all of us

You'll go backwards, but then
You'll go forwards again
You'll go backwards, but then
you'll go forwards

You'll go backwards, but then
you'll go forwards again
You'll go forwards again
You'll go forwards
