

# Colin James, Big Bad World

Taken down from helping to hard time  
Close the door and stick in a dime  
Traffic all around us is heavy  
Better move before we're buried alive

Throwin the weight is, is hard to bear  
There's no gettin over, nobody said it's fair

Have you heard?  
It's a big bad world

Push it a little bit further  
Make you feel like you're sinkin on down  
Cant get any lower, it's further  
When you're tryinna pick yourself up off the ground

Why do you listen to everyone else  
When you gotta make your way, thinkin for yourself

Have you heard?  
Baby it's a big bad world  
Have you heard?  
Alright, it's a big bad world

Now it's time for lovin  
Dont you think that we've had enough  
If there's a power above us  
Dont you think it's makin it tough

In a big bad world  
It's a big bad world  
Have you heard  
It's a big bad world  
Have you heard  
Careful, it's a big bad world  
Dontcha know, dontcha know  
Have you heard  
Alright, it's a big bad world  
Have you heard  
It's a big bad world  
Have you ... HEARD  
That it's a big bad, big bad world  
It's a big bad world  
Have you heard
