

# Colin James, Jumpin' From Six To Six

(Odie Ervin 1954)

Hey my baby went out and stayed out all night long  
Yeah my baby went out and stayed out all night long  
She told me her ride was way better back home  
Well she was

(Chorus)  
Jumpin from six to six  
Jumpin from six to six  
Jumpin from six to six  
Jumpin from six to six  
Jumpin from six to six  
Gotten herself in heck of a fix

Now she called me up about five twenty five  
Said picked me up daddy I don't want no jive  
Ten minutes later her boyfriend calls  
Come on baby let's have a ball

(Chorus)

Well, my baby went out and stayed out all night long  
Well, my baby went out and stayed out all night long  
She told me her ride was way better back home  
Well she was

(Chorus)

Stepping in the door by quarter to one  
Asked me daddy did I do wrong  
Stepped aside and her back  
Hit her right in the eye

(Chorus)
