

Colin James, Saviour

Saviour, saviour
Saviour, saviour
Gotta get to the river, gotta make it to the other side
Gotta get to the river, gotta make it to the other side
Take me to the river, help me get to the other side
Get me to the river, gonna make it to the other side
Fuck my saviour
Saviour, saviour
Saviour, saviour
When I'm breaking and I'm shaking and I'm looking for the riverside
Shaking on this faking, help me get to the other side
When I'm breaking and I'm shaking, trying to get to the other side
Take me to the river, come on, take me to the other side
Fuckin' saviour
Fuckin' saviour
Help me
Saviour, saviour
Saviour, saviour
I gotta get to the river, gotta make it to the other side
Nobody knows where the riverside will run
Somebody saw the saviour down by the river
Somebody tell me when the saviour comes
Where, where, where
Where is that saviour?
Where, where, beware
Where is that saviour?
Where is that saviour?
Saviour, saviour
Saviour, saviour
Fuckin', fuckin', saviour
