

# Colin James, Why'd You Lie

The very first rule  
That you learned in school  
Was that you shouldn't try to fool  
The people you're close to

And now you're almost full grown  
I really should've known  
If I left you on your own  
You wouldn't do like you're supposed to

{ Chorus }  
Why'd you lie ?

Don't want to hear no alibis  
Don't want to know the reasons why  
You left me here to cry  
While you were out there loving him

And now you're acting real nice  
You're all sugar and spice  
You've already thrown the dice  
Your chances are real slim

Why'd you lie ?  
Why'd you lie ?

{ Bridge }  
You'd better make a correction  
To all this deception  
And start treating me right  
'Cuz we had discussed it  
'Til I was disgusted  
There's one thing that I have to say  
All about sleeping in another man's bed

Why'd you lie ?  
Why'd you lie ?

{ Sax solo (guitar plays like verses) followed by guitar solo }

{ Repeat first verse }

{ Why'd you lie several times and end }
