

Colonial Cousins, Visions

Visions in your eyes, Telling me no lies
I can see, deep within your heart
Heart is on fire, Its human desires
Feel the pain, (of loosing you again //)
Water in my eyes, Telling me no lies
I feel the pain, of loosing you again

CHORUS :

Water runs down on my face.....

Fire runs in empty space

Let the air, take me in

Only Phool* with, carry me away

(Interlude)

CHORUS

Visions in your eyes, Telling me no lies
I can see, deep within your heart
Heart is on fire, Its human desire
Feel the pain, of loosing you again
Water in my eyes, Telling me no lies
I feel the pain, of loosing you again

CHORUS

Don't go, please stay, I'll promise you I'll change my way //.....

(fade..)

*Phool - meaning "flowers"
