

# Color Green, We Fell Just Short Of Us

How many times did we fall down?  
How many times did we get up?  
How many times we swore we'd change  
But we fell just short of "Us";  
We fell just short of "Us";

I remember your face  
I remember the tears you cried  
I remember your heart  
and all it kept inside

How many words we did not say  
How many words we did not mean  
How many words we meant to say  
But they fell just short of "Us";  
They just fell just short of "Us";

I remember your face  
I remember the tears you cried  
I remember your heart and all it kept inside  
I remember your touch  
I remember your skin on mine  
I remember what was  
Some love you can't deny

How many dreams we thought we'd share  
How many dreams we both messed up  
Baby I don't know the reasons  
But they fell just short of "Us";  
They fell just short of "Us";

I remember your face  
I remember the tears you cried  
I remember your heart and all it kept inside  
I remember your touch  
I remember your skin on mine  
I remember what was  
Some love you can't deny  
Some love you can't deny
