Oh, ah

Ah yeah, Sexual, exoticness

two times for your soul.  
and this is J.B. ha, ha,ha.....  
Come on, it's like, Come on it's like....  
yeah! let'em know  
You're all alone  
I bet you're thinking to yourself  
why your thighs  
are sitting there by themselves  
You're the kind of girl  
to call me up and over coming fly  
and it don't intimidate me  
Your body is so slamming  
girl I can't grab control  
'cause i'll be grabbing everything soft. Ooh...  
It's just so nice to kick it with someone who's sexuality,  
says nothing but can I get you off,  
and I said,  
Chorus

Any day an night, anywhere is right, back of my jeep  
when I get you from the back, baby (back baby, yeah!)  
There's more cushion for the pushin' from the back.  
If I get you back tonight  
If I get ya' back tonight  
I wanna' make you come faster, faster  
I wanna' ride you to, here and after  
From the back  
Yo, ho ho ho (on the real deal)  
I think it's time for you and me to make love, (yeah, it's about that time)  
Wild and wet fantasy  
When were playing doctor baby I'll be Mister Freaky M.D  
I'll get your free full body examination, like the way the doctor suppose to be.  
Coz' baby you've got somethin'- somethin' so right (oh ya!)  
I can get so-oh, into you  
pretty back, back, front of me  
you better grab, grab, hold on to me.  
Hold on to something to tight.  
Coz' I am about to give you something right  
You say you're just thinking about it  
How it makes you loose control (loose it baby, loose it baby)  
But pretty soon you'll be sittin' wet in your seat  
Hey baby that's OK, I'll just come over and see (come on, come on)  
Soak it up, soak it up, sponge it up,  
you can take a mike check on me. (yeah, baby)  
Chorus twice

Oh, no no no damn.  
Girl, yes, give me all baby (all night long)  
I wanna' love you from the back, baby  
I just want you to be you.  
Chorus

Said I wanna' get you off .....  
I wanna' make you come, here and after (oh...)  
Love you in the morning...  
Love you in the night.....  
make you funk, funk, back, back  
feels so right.  
Yes.....
