

# Commissioned, Believe

Hello my little dreamer  
Lift up your head  
Take my hand  
And walk with Me a while  
I know you think I've forgotten  
The promise I've made you  
But I will never forsake you

(Chorus)  
Believe the unbelievable  
Dream the unthinkable  
You can do all things  
If you believe  
You can reach the unreachable  
See the unforeseeable  
All things are possible  
To them that believe

(Verse 2)  
I know it's been a delay  
But that doesn't mean  
I've denied you  
I've just been waiting for you  
To give Me your dreams  
So I can bring them to pass  
And I've done what you've asked

(Bridge)  
There may be times  
When the whole world  
Says you're a fool  
Against all odds  
You can put your trust in Me  
And your dreams  
Will become a reality  
But You gotta believe
