

Complete Control, We Were Dead

Do you want to know?
How we all feel?
We are the criminals,
that stole revolution
made it real.
Do you really want to know?
Do you really want to care?
I am a criminal
that lied to you cause we were dead.

We were dead (you'll see)

And the world was ours and no one cared

Its hard to say.
This wasn't real.
Nostalgic memories
When we use to lie and cheat and steal
Do you really want to know?
Do you really want to care?
We are not criminals
we were just punks
and we were dead.
