

# Conception, Silver Shine

I stride through  
the rain  
trying to expel  
the look on her face  
the night we met  
somewhere in the  
distance  
I hear the sound  
of drums  
like thunder  
rolling with my  
heartbeat  
taking me back

To where I died  
a lifetime ago  
her bagging eyes  
with silver shine

Remember her tears  
like yesterday's rain  
couldn't wipe  
them away  
a face in the crowd  
my sister though  
I see clearly now  
the lies we shared

We'll never die  
always be strong  
encouraged by  
the silver shine

It's stange  
how dimness  
can unveil  
I never really knew her  
but in my cage  
of memories  
she crumbles on  
and on

I stride through  
the rain  
trying to expel  
the look on her face  
forget her name

But where I died  
is where I belong  
her bagging eyes  
about to cry  
our faith is strong  
we'll live on lies  
on memories of  
silver shine
