

# Confide, Holes

Oh here it is again, face to face with everything that keeps pulling us down  
So in me and this place thats full of regret, you'll see that nothing is quite perfect.  
Now, all eyes are focused on me and everything I do, is for only you.  
We didn't want it to be like this, We didn't want it to be like this.  
Oh believer, theres things you've never seen, theres things you've never been told.  
I pray to God that the Devil never sees my sorry face.  
So beg for your safety in a time when you have nothing and no self control.  
and take the respect you won from your most, meaningful, its all you have left to show.  
Now, all eyes are focused on me and everything I do, is for only you.  
We didn't want it to be like this, We didn't want it to be like this  
Oh believer, theres things you've never seen, theres things you've never been told.  
I pray to God that the Devil never sees my sorry face.
