

Conjure One, Forever Lost

So many times.
So many promises.
Heard all the lies.
Heard all the things you've said.

Truth is like a fear,
Fear of heaven.
Truth's your only fear,
Fear of heaven.

And I wanna know,
The highs and lows,
Give me something.
Forever lost,
If I try,
Give me something.

So hard we try.
Sold on your promises.
Lay it on the line.
Lay out the trauma there, for me.

Truth is like a fear,
Fear of heaven.
Truth ain't always clear,
Clear like heaven.

And I wanna know,
The highs and lows,
Give me something.
Forever lost,
If I try,
Give me something.

And I wanna know, how much I show,
All the wrong things.
Forever, lost in all I try,
We're after the same things.

And I wanna know,
The highs and lows,
Give me something.
Forever, lost in all I try,
Give me something.

Give me something.
