

Connie Smith, Holdin' On

Holdin' on barely holdin' on I know if I let go you'll be gone
----- that's holdin' you here and I'm just barely barely holdin' on

I never will forget that feelin' you said love is gone you were leavin'
The hand on the clock is going around and I was in the water going down
Holdin' on barely holdin' on...

[steel]

Now every hour brings you closer to goin' and I already feel the hurt of growin'
You're gonna leave that mighty lonely girl
How much longer can I hold you in my world
Cause I'm just holdin' on...
Yeah I'm just barely barely holdin' on
