

Connie Smith, If You Won't Tell On Me

O! heart the way our true love has been doin'
Just rips and tears my pride right half in two
I know you're just as much ashamed as I am
So if you won't tell on me I won't tell on you
Let's not breathe a word or they'll start sayin'
There they go the world's two greatest fools
O! heart there's not one doubt that we're both crazy
So if you won't tell on me I won't tell on you
[steel]
O! heart I hope that no one will discover
The foolish things that his love made us do
We'd prob'ly have to pack and leave the country
So if you won't tell on me I won't tell on you
Let's not breathe a word...
No if you won't tell on me I won't tell on you
