

Connie Talbot, I Wish It Could Be Christmas Ever

Oh, when the snowman brings the snow
Well, he just might like to know
He's put a great big smile on somebody's face
If you jump into your bed
And you cover up your head
Don't you lock the doors, you know that sweet Santa Claus in on his way
Well, I wish it could be Christmas everyday
When the kids start singing and the band begins to play
Oh, I wish it could be Christmas everyday
So let the bells ring out for Christmas
When we're skating in the park
If the storm cloud makes it dark
Then your rosy cheek's are gonna light my merry way
Now the frosty paws appear
And they've frozen up my beer
So we'll lie by the fire 'til the sleet simply knocks 'em all away
Well, I wish it could be Christmas everyday
When the kids start singing and the band begins to play
Oh, I wish it could be Christmas everyday
So let the bells ring out for Christmas
When the snowman brings the snow
Well he just might like to know
He's put a great big smile on somebody's face
So when Santa brings that sleigh
All around the Milky Way
Sign my name on the rooftop in the snow
And he might decide to stay
Well, I wish it could be Christmas everyday
When the kids start singing and the band begins to play
Oh, I wish it could be Christmas everyday
So let the bells ring out for Christmas
Well, I wish it could be Christmas everyday
When the kids start singing and the band begins to play
Oh, I wish it could be Christmas everyday
So let the bells ring out for Christmas
Why don't you give your love for Christmas?
