

Consumed, Start Living

I don't think you really want it.

You say you need it just to get you through.

I think you need a little tonic with your drink.

Maybe that will stop you getting confused.

chorus:

Reach above you, there's a bottle on the shelf.

No need to share, you can drink it all yourself.

Take a good swig, keep it all down, start living.

It doesn't necessarily have to follow through.

Maybe so but it could benefit you.

Given the choice I know which side I would be on,
the side that's happy and has lots of fun.

Get it now before it evaporates.

Do you like it ? I think it tastes great.

Take a good swig, keep it all down, start living.

So

chorus.
