

Continental Drifters, Peaceful Waking

I wish you love
and all the peace you can find in your heart
I wish you strength
and all my courage when you're weeping in the dark

Tender sleep
soft understanding and peaceful waking

And when your heart is cold
I will wrap you in the blanket of my soul
and when it's all too much
you always know you got somewhere to go

Tender sleep
soft understanding and peaceful waking

And I can't stand here
and I can't take this
and I can't make this alone
cause I can't see you
and I can't feel you
and I can't let you go
I gotta let you go

So travel your road
and never will I be by your side
but I'll be right here
wild horses couldn't move me if they tried

Tender sleep
soft understanding and peaceful waking

cause I can't stand this
and I can't take this
and I can't make this alone
cause I can't see you
and I can't feel you
and I can't let you go
I gotta let you go

I can't let you go
can't let you go
can't let you go
