

# Continental Drifters, Peaceful Waking

I wish you love  
and all the peace you can find in your heart  
I wish you strength  
and all my courage when you're weeping in the dark

Tender sleep  
soft understanding and peaceful waking

And when your heart is cold  
I will wrap you in the blanket of my soul  
and when it's all too much  
you always know you got somewhere to go

Tender sleep  
soft understanding and peaceful waking

And I can't stand here  
and I can't take this  
and I can't make this alone  
cause I can't see you  
and I can't feel you  
and I can't let you go  
I gotta let you go

So travel your road  
and never will I be by your side  
but I'll be right here  
wild horses couldn't move me if they tried

Tender sleep  
soft understanding and peaceful waking

cause I can't stand this  
and I can't take this  
and I can't make this alone  
cause I can't see you  
and I can't feel you  
and I can't let you go  
I gotta let you go

I can't let you go  
can't let you go  
can't let you go
