

Cootees, Shut Up

Ah shut up, ah shut up, ah shut up
Ah shut up, ah shut up, ah shut up, or I'll get pissed off
You think you know everything
But you're not right all the time
You're a human being

Ah shut up, ah shut up, ah shut up
Ah shut up, ah shut up, ah shut up, or I'll get pissed off
You think you're perfect
But I know deep inside
You're hiding from what is real

And you can tell me...
(What are you doing tomorrow or today
The answer to the question, not a thing)

Ah shut up, ah shut up, ah shut up
Ah shut up, ah shut up, ah shut up, or I'll get pissed off
You think you know everything
But you're not right all the time
You're a human being

Ah shut up, ah shut up, ah shut up
Ah shut up, ah shut up, ah shut up, or I'll get pissed off
You think you're perfect
But I know deep inside
You're hiding from what is real

And you can tell me...
(What are you doing tomorrow or today
The answer to the question, not a thing)

Let's go!

(What are you doing tomorrow or today
The answer to the question, not a thing
When are you gonna think about what you're doing
Or when to quit...)
