

# Corrosion Of Conformity, Nothings Gonna Change

Every lyric you dissect  
What the fuck do you expect  
We're just a fucking band  
Aren't we generally correct?  
Rebellion's not the clothes you  
wear  
Or the way you style you hair  
Or any pitiful design  
We don't souls, we need minds

Nothing's gonna change  
Because your prophets shout  
Nothing's gonna change  
Because you thrash about  
Nothing's gonna change  
Because your music's fast  
And nothing's gonna change  
While you're sitting on you ass
