

# Cory Lee, Ghost of mine

Go to bed  
Fall a sleep  
Another day  
Another dream got me  
Turn around  
Walk away  
Following me like yesterday  
Tounting me  
Pulling me, pushing me  
Constantly dragging me down  
Over my shoulder a shadow that's shaking me  
Ghost of mine  
Hanging around forever  
You're such bad weather  
You have your time  
Making my heart feel heavy  
Enough already so go, yeah  
Wake up  
Start again  
Try to fix the probs and  
It's got me  
Carry on  
Fall apart  
Tell myself this has to stop  
Holding me  
Over and over  
The road will keep winding around  
Up from the ashes you can't keep on breaking me  
Ghost of mine  
Hanging around forever  
You're such bad weather  
You have your time  
Making my heart feel heavy  
Enough already so  
Ghost of mine  
Hanging around forever  
You're such bad weather  
Letting you go now  
I'm not gonna go down  
Been talking up my time  
Waiting on mine, mine, mine, mine  
I thought this died, oh  
Oh oh, oh oh  
Oh oh, oh oh  
Ghost of mine  
Hanging around forever  
You're such bad weather  
You have your time  
Making my heart feel heavy  
Enough already so  
Ghost of mine  
Hanging around forever  
You're such bad weather  
You have your time  
Making my heart feel heavy  
Enough already so go
