

Count Basie, The Late Late Show (Vocal Version)

Geez, it's cozy in the park tonight,
when you cuddle up and hold me tight.
Stars above they seem to know.
We're putting on the late late show.
Hear the crazy music in the trees.
See the flowers dancing in the breeze.
Old man moon begins to glow.
He's joining in the late late show.
Birds that should be dreaming,
start interpreting(?) song.
While fire flies are gleaming.
We kissed and kissed all night long.
Then we amble back to your front door.
Say good night and then we kissed some more.
Guess you know I like you so.
It started at the late late show.

Birds that should be dreaming.
Start interpreting(?) song.
While fire flies are gleaming.
We kissed and kissed, kissed all night long.
Then we amble back to your front door.
Say good night and then we kiss some more.
Guess you know I like you so.
This all started at the late late show.
Then we amble back to your front door.
Say good night and kiss kiss some more
I guess you know I like you so.
It all started at the late late show.
Baby girl I hate to go.

It started at the late late show.
