

Courtney Love, Berry

Do you wanna ride on my death machine?
F**king die in it if you dare
Yeah yeah...
Yeah I kill what I need
Yeah I kill what I needed
When I die won't you berry me
Cause I berried you baby deep in me
Yea yea...
Cut it open what's inside
Then you'll drag me back there
Wanna know baby said baby

Now I know
Never know never know
Cut it open say pretty please
You drive it the yea I wanna know everything
I wanna know
Never know never know
And when I die won't you berry me
Cause I berried you baby deep in me
Yeah when you fall for the garbage man
You wind up in the garbage
