## Cowboy Junkies, Lost My Driving Wheel

Just came up on the midnight special Hey, how 'bout that My car broke down in Texas she stopped dead in her tracks Just called to tell you that I need you Just called to tell you how I feel

I feel like some old engine that's lost my driving wheel I feel like some old engine that's lost my driving wheel

They took my money on the night train north What a terrible thing I gave my promise that I will be there with you by Saturday night I want to tell you that I need you I need to tell you how I feel

I feel like some old engine that's lost my driving wheel I feel like some old engine that's lost my driving wheel

You can't say much in a phone call, babe You know how it is I have to tell you one sure thing Oh, won't you listen to this I want to tell you that I love you, babe I want to tell you just how I feel

I feel like some old engine that's lost my driving wheel I feel like some old engine that's lost my driving wheel

I feel like some old engine that's lost my driving wheel Some old engine that's lost my driving wheel

I feel like some old engine that's lost my driving wheel
