

# Cowboy Junkies, My Only Guarantee

Keep it coming  
I've got your back  
Do not fear  
When I'm on deck  
A bigger lie I've never told  
A bigger story yet to unfold  
My only guarantee: i will fuck you up

Another day  
Of pure energy  
What wears most  
Is the constancy  
A bigger job I've never had  
A bigger burden I could not drag  
My only guarantee: I will fuck you up

Strange how things  
Come about  
Will I ever know  
How things turn out  
A bigger wish I've never known  
A bigger question I'm trying to hone  
My only guarantee: I will fuck you up
