

Cowboy Junkies, Someday Soon

Someday soon
I'm going to find myself a saviour
Sit him on the naugahide
And make him tell me the answers
Someday soon
He'll look at me
With the word in his eyes
He'll notice the hero to come
Someday soon

Someday soon
I'm going to find myself a leader
Someone who can take me
By the hand towards safety
Someday soon
With only a wink
He'll tell me all i need know
His personal call will come
Someday soon

Find myself another heart to carry this weight
Find another part to take

Someday soon
I'm going to find myself a banner
March when they tell me to
Cheer when it matters
Someday soon
Let's take our place
At the back of the bus
Erase all the lies we've been told
Shoulder the load of those that are dear
And look to the days to come
Someday soon
