

# Crabb Family, Trail Of Tears

I heard about the lonely day  
When Jesus had to die  
It must have broke his mother's heart  
O the tears she must have cried  
And though she knew the plan divine  
He was still her precious son  
It only seemed like yesterday  
In a stable he was born

Chorus:

There must have been a trail of tears  
From the cross to the place  
Where they laid him down to rest  
In a cold and lonely grave  
And as the storm rolled to the door  
To seal the prince of life within  
It must have felt just like the end  
There must have been a trail of tears

Mary knew the day would come  
She'd have to say goodbye  
The son was on a mission for  
Which he would give his life  
The angels knew redemption being  
Carried out to man  
He was dying there on calvary  
The sacrificial land

Repeat chorus 2x
