

Crack The Sky, Songs Of Soviet Sons

Sing songs of Soviet sons
Hear the screaming of the midnight guns
Send your children to America
Where they can live like kings
Sing songs of Soviet sons
Hear the rain and the soldiers run
Send your family to America
Where they can live in peace

Daddy don't you know
It's no different anywhere
Daddy don't you know
We love it here
Daddy you're a fool
If you believe
Those stories of a better world across the sea
Oh, no, we're staying here
We're staying

Sing songs of Soviet sons
Wipe the tears of the frozen ones
Keep your family close to you
And you can live like kings
Sing songs of Soviet sons
