

Crack The Sky, Virgin...No

Oh really, has it gone that far
Has it gone too far... oh, really
Oh, brother has it really changed
Has it changed that much... have I gone too far.

Chorus:

All my life... I've stepped around
the graying of submission
All my life... I've I've stepped into
the graying of the Avante Garde
Mama, how I wish I was a virgin
Worshipping my ignorance of the world
Mama, how I wish I was a virgin but it's too late now
Should I give it up?

Oh, really am I so aware
Am I that aware oh, really
Oh, brother, do I qualify, have I
Said it right? I'm a clever guy.
