

Crackout, I Am The One

Who isn't on this trip for fun
Who wastes himself on every one
I am the one
Who comes undone
Who falls apart when things are gone
Who works for nothing real at all
Who runs back up around a call
I am the one who comes undone
Who falls apart when things are gone
I can't believe its over me
I am the one who comes undone
You never knew this, it isn't like me
I'm gonna do this and the it might be
Work me out and I'll be
Every one around me
If you really want that
Then you better tell me
I'm full up to the brim on blood
I don't know what I'm thinking of
I am the one who comes undone
Who falls apart when things are gone
I can't believe it's over me
I am the one who comes undone
Work me out and I'll be
Every one around me
If you really want that
Then you better tell me
I am the one who comes undone
Who falls apart when things are gone
I can't believe its over me
I am the one who comes undone
I am the one who comes undone
Who falls apart when things are gone
I can't believe it's over me
I am the one who comes undone
I can't believe it's over me
I am the one who comes undone
