

# Craig David, Cocoa Butter

Well I've been searching for this one  
Now she's finally come  
To know what she wants to do  
Freakin', freakin' your body  
Oh so gently  
Tell me do you want me  
And we can get freaky... freaky  
Turn the lights down low  
Take it nice 'n slow  
You know  
From head to toe  
Rubbing you down, rubbing you down  
Ooh does it feel real good  
(don't stop now... you got it goin' on)  
Freak you like I really should  
You start to stutter  
While I'm rubbing you down in  
Cocoa butter  
Chorus:  
Cocoa butter  
Buttering your body  
Driving me crazy  
All over you lady  
Cocoa butter  
Buttering your body  
Driving me crazy  
All over you lady  
Lay your body down, baby, baby, baby, baby yeah  
Your gettin used to me  
The way I work your body  
From head to toe  
You know, oh yeah  
Finding different places  
To turn you on  
My love's the bomb  
Lady, are you with me  
Feels so good, it's drivin' me crazy  
Making you feel fine (don't stop now)  
Mmm, oh yeah  
Take your time, take your time  
Makin' ya feel fine (oh Craig)  
Mmm, oh yeah  
Take your time, take your time  
Chorus (2x)  
Whoa I'm rubbing you down  
While your makin' those sounds  
Tonight  
I'm rubbing you down all night, ah yeah (repeat 4x)  
Cocoa Butter  
Buttering Your Body  
Driving Me Crazy  
All Over You Lady (repeat 3x)  
(sighing)  
Craig!
