

Craig David, Gets Like That

Yo

You say that you're stuck with your decision
Did everything at your discretion, babe
Bout how you clued up now saw the vision, huh
Guess it gets like that, yeah
You've been watching way too much television, yeah
Acting like I need your permission, no
Try weigh me down is that your mission, huh?
Guess it gets like that, babe
All in your, all in your head, those superstitions
We would be together now if you listened
Baby, don't lose yourself, just have to switch up positions
Guess it gets like that

Yeah, babe
Round here no problem, I
I'm fine, tou know my vibe
Why don't you say that you're
On nothing
So, don't say you're here with me
It's not fair
I don't care, nah

Yeah, you know, kudos
Doing my own thing, I've been
Been on the road, roof low
You play your games, don't miss 'em
Don't care about who you kissing
No problem here to fix it
Tell me, your friend around or nah?
Oh, you say you're sorry
Who I'm with don't worry
Gotta bad B yeah in a hurry
Scoop her up in my four-by-four
'Cause you know I need more
That vibe
You know how I do
You know it's your fault
Thought I told you
Yeah, yeah

You say that you're stuck with your decision
Did everything at your discretion, babe
Bout how you clued up now saw the vision, huh
Guess it gets like that, yeah
You've been watching way too much television, yeah
Acting like I need your permission, no
Try weigh me down is that your mission, huh?
Guess it gets like that, babe
All in your, all in your head, those superstitions
We would be together now if you listened
Baby, don't lose yourself, just have to switch up positions
Guess it gets like that

You still been running on my mind
So many times I've realized but couldn't see
I feel a way sometimes
But don't think you can run those games with me
'Cause I been in love before and then a few times more
So really I should know just what's in store
Guess it gets like that
You made me feel

You say that you're stuck with your decision
Did everything at your discretion, babe
Bout how you clued up now saw the vision, huh
Guess it gets like that, yeah
You've been watching way too much television, yeah
Acting like I need your permission, no
Try weigh me down is that your mission, huh?
