Don't  
Don't  
Never deal with broken hearts

Don't deal with broken hearts  
You should've known from the start  
You're tearing us apart  
Don't dealDon't deal with broken hearts

Can't you see  
My heart is broken now  
Can't you feel  
You're hurting me oh  
So strong  
I can't do  
Without you  
Don't you know  
I'll share your load  
And don't

You should've known from the start  
You're tearing us apart  
Don't dealDon't deal with broken hearts

Little time  
We have got  
To save our love  
Now for the years  
Amazing eyes  
Tell no lies  
I'll be with you  
Now and forever  
So don't

You should've known from the start  
You're tearing us apart

Will you ever stay by me  
Will you never lie to me  
Will you always be adicted  
To our love

You should've known from the start  
You're tearing us apart
