Crazy Friendz, You Gotta Go

Can't you see
In my eyes
See, that I'm unsatisfied
Don't you feel
I gotta show
That you have to leave 'n go
Away

You gotta go
Go away
You gotta go
Go away
From here
From me

In this time
A world of crime
You broke my heart
You took my shine
Hole in my soul
Yes it's true
I can't stop thinking about you
I can't do

You gotta go
Go away
You gotta go
Go away
From here
From me

What to do
I'm feeling blue
And the reason, it is you
I don't want
The truth to see
And right now you're killing me
Killing me

You gotta go
Go away
You gotta go
Go away
From here
From me

That is, what I say to you

You gotta go
Go away
You gotta go
Go away
From here
From me

You're killing me
Go away
