

Cream, Dreaming

Dreaming about my love,
You bring me joy and hours of happiness,
More or less.
I dream my life away.

Waiting for you to come,
Changing my life for you to emptiness,
Meaningless.
Minutes just drift by.

I don't care if I get nowhere.
I can just dream, and you'll be there.
What else is there to do?

Dreaming about my life,
Where are you now, and when will you
Come to me?
I dream my life away.

I don't care if I get nowhere.
I can just dream, and you'll be there.
What else is there to do?

Dreaming about my love,
You bring me joy and hours of happiness,
More or less.
I dream my life away.

Dreaming, dreaming.
