## Cream, Dreaming

Dreaming about my love, You bring me joy and hours of happiness, More or less. I dream my life away.

Waiting for you to come, Changing my life for you to emptyness, Meaningless. Minutes just drift by.

I don't care if I get nowhere. I can just dream, and you'll be there. What else is there to do?

Dreaming about my life, Where are you now, and when will you Come to me? I dream my life away.

I don't care if I get nowhere. I can just dream, and you'll be there. What else is there to do?

Dreaming about my love, You bring me joy and hours of happiness, More or less. I dream my life away.

Dreaming, dreaming.
